

PGIM Ascent Dimensional suite overview

Graphics are organized into two folders

Digital-RGB

- RGB is for on-screen, digital, and broadcast.
Common uses: PowerPoint, websites, email, videos, digital displays

Print-CMYK

- CMYK (Cyan/Magenta/Yellow/Black) is for most process printing.
Common uses: all print materials (magazines, posters, billboards)

File formats and usage

- .jpg: Digital use
- .tif: Higher resolution; Print use
