This document is accurate as at: 17 June 2024

You are about to purchase a product that is not simple and may be difficult to understand.

What is this product?

Type

This product is an accumulating share class of the Fund denominated in USD.

The UCITS is an open-ended investment company with variable capital and qualifies as an undertaking for collective investment in transferable securities, subject to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 as amended from time to time.

As an investment fund, the return of the Fund depends on the performance of its underlying assets.

Term

Objective

Investment Objective:

Main Investments:

Investment Policy:

Other Information:

Redemption and Dealing: Investors may buy and sell shares on every full banking business day in Luxembourg.

Distribution Policy: Income generated by the Sub-Fund is reinvested and included in the value of shares.

Intended retail investor

Depositary: J.P. Morgan SE, Luxembourg Branch.

Further Information:

The prospectus of the UCITS and periodic reports are prepared for the entire UCITS. Assets and liabilities of each Fund are segregated by law, meaning that the liabilities allocated to one Fund may not impact the other Fund.

Shareholders are entitled to convert their shares to shares of another Fund/class of the UCITS, as described in "Investing in the Funds" section of the prospectus.

Copies of the prospectus and of the last annual and semi-annual reports of the UCITS as well as other practical information such as the latest price for the shares may be obtained free of charge, in English, at the registered office of the Fund: MSIM Fund Management (Ireland) Limited, European Bank and Business Centre, 6B route de Trèves, L-2633 Senningerberg, Luxembourg.

What are the risks and what could I get in return?

Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 5 out of 7, which is a medium-high risk class.

This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact the capacity to pay you.

Be aware of currency risk. The currency of this share class may be different from that of your country, as you may receive payments in the currency of this share class and not that of your country, the final return will depend on the exchange rate between these two currencies.

Not all risks affecting the Fund are adequately captured by the summary risk indicator.

This product does not include any protection from future market performance, so you could lose some or all of your investment. For further information please refer to the Fund prospectus, available free of charge at: <https://www.morganstanley.com/im>.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your adviser or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years, by identifying, depending on the performance scenarios and as defined in the Key Information Document's EU regulation, all overlapping sub-intervals individually (i) equal in length to the recommended holding period which start or end in each month which are contained within that period of 10 years or (ii) equal or shorter in length to the recommended holding period, but equal to or longer than one year, which end at the end of that period of 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period:		3 years	
Example Investment:		10 000 USD	
		If you exit after 1 year	If you exit after 3 years
Scenarios			
Minimum	There is no minimum guaranteed return if you exit before 3 years. You could lose some or all of your investment.		
Stress	What you might get back after costs		
	Average return each year		
Unfavourable	What you might get back after costs		
	Average return each year		
Moderate	What you might get back after costs		
	Average return each year		
Favourable	What you might get back after costs		
	Average return each year		

For any Fund with less than 10 years of historical data, an appropriate proxy benchmark has been applied for performance scenario calculations. These calculations are net of all applicable costs.

Unfavourable: This type of scenario occurred for an investment between and .

Moderate: This type of scenario occurred for an investment between and .

Favourable: This type of scenario occurred for an investment between and .

What happens if MSIM Fund Management (Ireland) Limited is unable to pay out?

The assets of the Fund are held in safekeeping by the Depositary. In the event of the insolvency of the Management Company, the Fund's assets in the safekeeping of the Depositary will not be affected. In the event of the Depositary's insolvency, the Fund may suffer a financial loss. However, this risk is mitigated to a certain extent as the Depositary is required by law and regulation to segregate its own assets from those of the Fund. The Depositary will also be liable to the Fund and the investors for any loss arising from its negligence, fraud or intentional failure to fulfill its obligations. Such loss is not covered by an investors compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product performs. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed (i) in the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario and (ii) USD 10,000 is invested.

Example Investment 10 000 USD

	If you exit after 1 year	If you exit after 3 years
Total costs		
Annual cost impact (*)		

*This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be % before costs and % after costs.

Composition of Cost

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	No entry fee will be charged for this product.	
Exit costs		
Ongoing costs taken each year		
Management fees and other administrative or operating costs		
Transaction costs		
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee applicable to this product.	

How long should I hold it and can I take money out early?

Recommended minimum holding period: 3 years

How can I complain?

If you have any complaint about the product, please find the steps to be followed for lodging any complaint at www.morganstanley.com/im. You can also send your complaint by email to cslux@morganstanley.com or in writing to the Fund's management company at: MSIM Fund Management (Ireland) Limited, European Bank and Business Centre, 6B route de Trèves, L-2633 Senningerberg, Luxembourg. If you have a complaint about the person that advised you about this product, or who sold it to you, they will tell you where to complain.
