About PDFReactor

RealObjects PDFReactor is a powerful formatting processor for converting HTML and XML documents into PDF. It uses Cascading Style Sheets (CSS) to define page layout and styles. The server-side tool enables a great variety of applications in the fields of ERP, eCommerce and Electronic Publishing.

PDFReactor supports HTML5, CSS3 and JavaScript.

It allows you to dynamically generate PDF documents such as invoices, delivery notes and shipping documents on-the-fly. PDFReactor allows you to easily add server-based PDF generation functionality to your application or service. Since PDFReactor runs on a server, the end-user in general does not need any software other than a PDF viewer.

United Utilities Pension Scheme

Past performance should not be seen as an indication of future performance.

These figures have been calculated using actual returns since the introduction of the current fund range.

It is important to remember that the price of units can go down as well as up and is not guaranteed and that you may not get back the amount originally invested. Changes in rates of currency exchange, particularly where overseas securities are held, may also affect the value of your investment. Unless otherwise stated, all fund information is as at .

This factsheet is for information only. The investment options you choose for your pension account will affect the size of your fund. Also, the degree of risk you wish to take will affect the investments you choose. You may wish to seek independent financial advice about your investment choices and you should regularly review your decisions.

Issued by the Trustees of the United Utilities Pension Scheme.

Aegon is a brand name of Scottish Equitable plc. Scottish Equitable plc, registered office: Edinburgh Park, Edinburgh EH12 9SE. Registered in Scotland (No. SC144517).
