

Past Performance

This document provides you with information on past performance and must be read in conjunction with the PRIIPs KID. It is not marketing material.

Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past and compare it to its benchmark.

Past Performance

* Index - Russell 1000 Net 30% Total Return Index.

This share class came into existence on 2nd May 2023.

The Fund is actively managed and does not track an index.

Source: FE fundinfo and the relevant underlying index provider(s).

Past performance is not a reliable guide to future performance. Markets could develop very differently in the future. This performance is shown on a net total return basis with income reinvested and includes Ongoing Charges taken from the Fund but not any entry and exit charges that you might have to pay.

REALOBJECTS PDFReactor®

Evaluation Version

This PDF document was created by an evaluation version of RealObjects PDFReactor 11.6.10 (15798). The evaluation version is fully functional, but includes this information page. It must not be used for production purposes. The information page and all other evaluation notices must not be removed from the PDF file.

NOTE: Conversions in evaluation mode might be slower and the results might have a larger file size than in production mode.

About PDFReactor

RealObjects PDFReactor is a powerful formatting processor for converting HTML and XML documents into PDF. It uses Cascading Style Sheets (CSS) to define page layout and styles. The server-side tool enables a great variety of applications in the fields of ERP, eCommerce and Electronic Publishing.

PDFReactor supports HTML5, CSS3 and JavaScript.

It allows you to dynamically generate PDF documents such as invoices, delivery notes and shipping documents on-the-fly. PDFReactor allows you to easily add server-based PDF generation functionality to your application or service. Since PDFReactor runs on a server, the end-user in general does not need any software other than a PDF viewer.
