ISIN GB00BLDYK618, has appointed Baillie Gifford & Co Limited as its manager and secretary. They can be contacted at www.bailliegifford.com or on 0800 917 2112. Baillie Gifford & Co Limited is authorised and regulated by the Financial Conduct Authority.

What is this product?

The information contained in this document and the methodologies for calculating risks, costs and potential returns are prescribed by law.

What are the risks and what could I get in return?

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The risk indicator assumes you keep the product for {rhp} years.

What happens if #^ManufacturerName^# is unable to pay out?

As the shares are not traded directly with the Trust or Baillie Gifford & Co Limited but are traded on the London Stock Exchange, any default by Baillie Gifford & Co Limited will not materially affect the value of your shares. However, a default by the Trust or any of the underlying holdings could affect the value of your investment. As the shares are listed on the London Stock Exchange, any direct holding of these shares is not covered by any investor compensation schemes in relation to either Baillie Gifford & Co Limited or the Trust.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be {AverageReturnBeforeCosts} % before costs and {AverageReturnAfterCosts} % after costs.

The person selling or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.
