This document is for professional advisers only and is not for onward distribution to private clients.
The value of investments and any income from them can go down as well as up and you may not get back the amount originally invested.

Past performance is not a guide to future performance.
Levels and bases for taxation may change.

Investors should note that actual portfolio returns may be different to the returns of the model portfolio.
Figures represent performance of a model portfolio, individual account performance may differ

Select Portfolio Service Cautious (GBP)

Investment objective

The Select Portfolio Service invests across the Canaccord Genuity Fund Range. The weightings between the funds are managed within closely defined parameters so as to maximise the level of return for a defined level of risk. Using Canaccord's sophisticated modelling systems, the underlying funds have been blended to ensure that the best outcome is achieved for investors along the efficient frontier, and an on-going portfolio optimisation process ensures that the fund managers are able to take advantage of prevailing market conditions in order to maximise returns while maintaining the level of target volatility. The risk based approach to portfolio construction combined with Canaccord's rigorous investment management processes deliver a range of actively managed solutions that are tightly aligned to clients' expectations.

Performance since inception

■ SPS Cautious
■ Morningstar Allocation 0-20% Equity GBP

Discrete performance (%)

	2023	2022	2021	2020
Model	6.36	-10.92	0.09	3.20
Morningstar Allocation 0-20% Equity GBP	7.08	-10.49	2.34	4.04
Total return.				

Cumulative performance (%)

	3 months	1 year	3 years	Since inception
Model	0.90	6.81	-3.50	40.66
