

Total Annual Fund Charges

You can view the Total Annual Fund Charge (TAFC) for the Scottish Widows range of pension funds and the Scottish Widows Flexible Options Bond by using the tool below. You can do so by selecting the relevant fund category.

Not all of the funds listed are available for every Product. For information on which funds are available, please refer to the relevant Product brochure.

Please note that funds marked with an * are not available for new investment.

Click on the following link for an explanation of which types of units are applicable to which Pension Contract and be taken straight to those units. [Pension Series 1, sometimes called the Original Series, Series 2, Series 3, Series 4.](#)

UK Equity Income Fund: Risk Rating 6

	% performance over 12-months to the end of January:					3 year % performance to end of January 2022	5 year % performance to end of January 2022
	2022	2021	2020	2019	2018		
Fund Share class A INC	16.16%	-10.87%	5.19%	-4.65%	9.96%	8.90%	14.17%
Benchmark: FTSE All Share + 1.25%	-10.87%	-10.87%	-10.87%	-10.87%	-10.87%	-10.87%	-10.87%

Scottish Widows life funds are only available to existing customers who invested in a Scottish Widows Flexible Options Bond or other life product before July 2009.

Other product charges in addition to the Total Annual Fund Charges may apply. Please see the relevant Product brochure and your personalised illustration(s) for details.

The value of an investment is not guaranteed and may go up and down depending on investment performance (and currency exchange rates where a fund invests overseas). You may get back less than your original investment.
